

Congress of the United States
Washington, DC 20510

March 12, 2018

The Honorable Donald J. Trump
President of the United States
1600 Pennsylvania Avenue
Washington, DC 20500-0001

Dear President Trump:

We are writing to bring to your attention a March 8, 2018, letter from Governor Matt Bevin requesting a major disaster declaration for the Commonwealth of Kentucky. We respectfully urge you to give this request full and timely consideration.

From February 9 through February 14, 2018, the Commonwealth of Kentucky experienced a severe weather system that produced strong wind and episodes of torrential rain which caused flooding, flash flooding, landslides, and mudslides. The impact of this weather system has severely affected 22 counties in the Commonwealth, causing extensive damage exceeding the ability of the state government and localities to effectively respond.

As the Governor conveyed in his letter, the Commonwealth has well surpassed the \$6.3 million expenditure threshold required for consideration of federal disaster assistance in accordance with the provisions of the Robert T. Stafford Disaster Relief and Emergency Assistance Act.

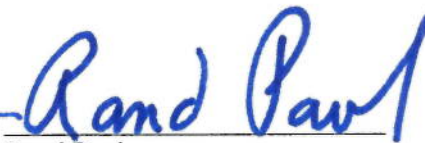

We ask for your timely consideration of the Governor's disaster declaration request, which would aid Kentucky communities and families so severely impacted by this most recent disaster.

Thank you in advance for your prompt action on this matter.

Sincerely,

Mitch McConnell
