The Honorable Rosa DeLauro
Ranking Member
House Appropriations Committee
1036 Longworth House Office Building
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for the U.S. 150 Waterline Project in Fiscal Year 2027. The entity to receive funding for this project is the U.S. 150 Water Commission located at 842 E Main Street, Stanford, KY, 40484. The funding would be used to construct a water transmission line that will provide uninterrupted water service to the residents of Lincoln County, Kentucky. The project is an appropriate use of taxpayer funds because the project will stabilize operations for local water systems, ensure consistent water quality and pressure for homes, schools, and hospitals, and eliminate any future water shortage emergencies that Lincoln County has experienced.

The project has a federal nexus because the funding provided is for purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

HAL ROGERS
Member of Congress
