The Honorable Rosa DeLauro  
Ranking Member  
House Appropriations Committee  
1036 Longworth House Office Building  
Washington, DC 20515

Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for an investigation on potential flood control measures along the Kentucky River in fiscal year 2024. The entity to receive funding for this project is U.S. Army Corps of Engineers.

The funding would be used to conduct an investigation identifying flood control mitigation measures along the Kentucky River. The project is an appropriate use of taxpayer funds because it will ensure that southern and eastern Kentucky never again experiences flooding like they did in July and August of 2022.

The project has a Federal nexus because the funding provided is for purposes authorized by Section 8103 of the Water Resources and Development Act of 2022 (Public Law 117-2630).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

HAL ROGERS  
Member of Congress
