Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for the Pikeville Wastewater and Water Infrastructure Modernization Project in Fiscal Year 2027. The entity to receive funding for this project is the City of Pikeville Utility Department located at 243 Main Street, Pikeville KY, 41501. The funding would be used to fix urgent wastewater and water infrastructure needs threatening plant operations and public health in Pike County, Kentucky. The project is an appropriate use of taxpayer funds because it improves the reliable wastewater treatment capacity in an economically distressed region and safeguards the Levisa Fork of the Big Sandy River watershed against both contamination and supply failure.

The project has a federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C. 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

HAL ROGERS
Member of Congress
